

Bro. Carpenter,

I received a phone call from the governor's office yesterday, they want to meet with me next week to discuss the ACTS / LIFE Program. LIFEinCARROLLTON, sponsored a Meth Lab Awareness Presentation to the community and the newspapers in four counties just happened to run a three or four page article on the Meth Lab issue in our area. One newspaper in Indiana has their article about the presentation and LIFEinCARROLLTON on the internet.

But, the Governor's office said that they read the articles and would like to meet with us next week. I don't really know what to expect, but pray that the Holy Ghost will guide our conversations.

The ACTS / LIFE programs have changed many lives and God continues to add to the church through them. I can't wait to get to Chicago and begin the Chaplain Certification. My Pastor, Rev. Robbie Knox is 110% behind this ministry and supports us in every way.

Thanks, again,

## The Unbridled Sprit of Kentucky

Give The Holy Ghost Free Rein!

They love our program. They read an article I wrote in the paper and want to model our workflow of getting started in other trial cities across the state.

The lady said she came into her office one morning and somehow the Carrollton newspaper had been placed in her chair opened to the Meth Lab Article that I was interviewed for and it fit perfectly into Governor Fletcher's Faith Based Initiative Program that he is working on getting started across the state.

My wife and my Pastor went with me and We just told her that our vision is to touch people with the hope, love, and gospel of Jesus Christ. I showed her the statistics from our ACTS Classes here and she was impressed. We gave her Bro. Carpenter's name and I need to send her contact information (please reply with the contact info that I need to give her ). Bro. George, she also would like to contact you, again, I need the appropriate contact info to forward to her.

We gave her Bro. Darst's contact info in Campbellsville, KY. He is the person that introduced my Pastor to the ACTS Program.

Bro. Ron Knox.....Lets get this thing going, we can turn this District upside down. Right when I thought to be quiet, another door has opened. We've got two more ACTS participants coming to church this Sunday, pray they will receive the Holy Ghost.

55 in '05!!! We're on our way!!!
